

**DECLARATION OF SCOTT McBREEN  
PURSUANT TO 28 U.S.C. ' 1746**

I, Scott McBreen, depose and say as follows:

1. I, Scott McBreen, have personal knowledge of the facts set forth below and am competent to testify as follows:
2. I am the Domain Operations Manager at Name.com, (Name.com), a company that provides domain registration services. I have authority to certify the authenticity of the records produced by Name.com and attached hereto.
3. The documents produced and attached hereto by Name.com are true copies of records of regularly conducted activity that:
  - a. were made at or near the time of the occurrence of the matters set forth by, or from information transmitted by, a person with knowledge of those matters;
  - b. were kept in the course of the regularly conducted activity of Name.com; and
  - c. were made by the regularly conducted activity as a regular practice of Name.com.
4. In October 2010, we received a Civil Investigative Demand (CID) from the Federal Trade Commission (FTC) asking for documents relating to two domain names, new6reports.com, and news9diet.com. For the purposes of this declaration, I have been asked to limit my statement to the first of these. I was the person at Name.com responsible for gathering information and responding to the FTC=s CID.
5. Attached to this declaration as McBreen Attachment A is the first part of Name.com=s response to the CID. The first two pages provide a summary of the information,

with the first page mostly addressing new6reports.com. As that summary states, our records show that the site was registered by Cody Low. The associated company is Coulomb Media Incorporated, the associated address is 776 Trombley Road, Grosse Point Park, Michigan 48230, and the associated email address is coulombmedia@gmail.com. The summary also shows that the domain had been registered since May 20, 2010, that it was paid for using a Paypal account linked to the gmail account just referred to, and that the user=s IP address was 68.40.106.195. It also shows that the domain was pointing to two servers, ns1.coulombmedia.com and ns2coulombmedia.com. The page following the summary is a printout of Name.com records showing this information, with the exception of the server information. However, I had determined the server information by accessing Name.com records electronically.

6. The next four pages, numbered pages 1 through 4, show the dates this account was accessed, and the IP addresses from which the account was accessed. The transactions are in chronological order, and as can be seen on page 1, it was first accessed on July 21, 2009, and as can be seen on page 4, it had continued to be accessed until November 2, 2010, which was near the time I compiled this information in responding to the FTC=s CID.

7. After providing this information to the FTC, I was then contacted by FTC personnel and asked to provide as a follow up, among other things, a list of all the domain names registered with Name.com for the coulombmedia account. I responded by email on November 8, 2010, a copy of which is attached as McBreen Attachment B. The domains associated with coulombmedia=s account start on page one of that document and continue to the final page. (Following that list is a copy of the email I received from the FTC requesting the follow up.)

I certify under penalty of perjury that the foregoing is true and correct.

Executed on 3/2, 2011.

Thanks for your response concerning the FTC's CID. We have one follow-up request.

Could you please provide a list of all of the domain names registered with Name.com by the accounts identified in your CID response: (1) coulombmedia , and (2) prestige2008 ? Response by email is fine if that is more convenient.

Thanks in advance for your assistance. Please do not hesitate to contact me should you have any questions.
